● UPEC | 中国城市停车产业贸易平台

UPEC | A Trade Platform of Urban Parking Industry in China

随着城镇化的快速发展，居民生活水平不断提升，城市小汽车保有量大幅提高，停车设施供给不足问题日益凸显，挤占非机动车道等公共资源，影响交通通行，制约了城市进一步提升品质和管理服务水平。吸引社会资本、推进停车产业化是解决城市停车难问题的重要途径，也是当前改革创新、稳定经济增长的重要举措。

据统计，截至2018年6月底，中国机动车保有量达3.19亿辆，其中汽车2.29亿辆，2018年上半年新注册登记汽车达1381万辆，保持持续快速增长。全国有58个城市的汽车保有量超过百万辆，较去年同期增加9个城市，其中26个城市超过200万辆，北京、成都、重庆、上海、苏州、深圳、郑州等7个城市超过300万辆。

为加快智慧城市建设，智能交通发展，推动城市停车产业有序发展，改善与治理城市“停车乱、停车难、交通拥堵”的现象，交流与展示城市停车解决方案，在中华人民共和国住房和城乡建设部、中国国际贸易促进委员会指导下，由中国城市公共交通协会、中国重型机械工业协会停车设备工作委员会、中国市政工程协会城市停车分会、中国国际贸易促进委员会建设行业分会等单位联合主办，北京泰格展览有限公司承办的“2019中国国际城市停车产业博览会”（英文：Urban Parking Expo China 2019，简称：UPEC 2019）定于2019年3月26-28日在北京·中国国际展览中心（静安庄馆）隆重举办。

UPEC专注于城市停车产业的科技创新发展，通过会展联动，汇集行业优势资源体系，展示停车产业的创新技术、产品和商业模式，致力于打造全球影响力的停车产业会展贸易平台，助力企业提升品牌价值，开拓全球市场。

Rapid urbanization and continuously improved of living standards of residents brings not only substantial increase in the number of cars being owned in cities, but also the obvious shortage of parking facilities. The latter results in serious occupation of public resources like non-motor vehicle lanes. This affects transportation conveniences and restricts further improvement of urban quality and management service level. Therefore, attracting social capital and promoting parking industrialization are important ways to solve the urban parking problem, and also important measures for reform, innovation and stable economic growth.

According to some statistics, by the end of June 2018, the number of motor vehicles in China has reached 319 million, including 229 million automobiles, and in the first half of 2018, the number of newly registered vehicles is 13.81 million, seeing a sustainable and rapid growth. In China, there are 58 cities where the number of vehicles exceeds one million, with a year-on-year increase of 9 cities, including 26 cities having more than 2 million vehicles, and 7 cities (Beijing, Chengdu, Chongqing, Shanghai, Suzhou, Shenzhen and Zhengzhou) having over 3 million vehicles.

In order to speed up the construction of smart cities, develop intelligent transportation, promote orderly development of the urban parking industry, improve and control "parking disorder, parking difficulty and traffic congestion", and exchange and display our urban parking solutions, the Urban Parking Expo China 2019 (UPEC 2019), Under the guidance of Ministry of Housing and Urban-Rural Development (MOHURD) And China Council for the Promotion of International Trade (CCPIT), jointly organized by the China Urban Public Transport Association, China Municipal Engineering Association Branch of Urban Parking, China Parking System Manufacturers Association of China Heavy Machinery Industry Association (CHMIA), Construction Industry Sub-Council CCPIT and other institutions, undertake by Beijing Tiger Exhibition Co. Ltd., is scheduled to be held at China (Beijing) International Exhibition Center (Jinganzhuang) on March 26-28, 2019.

UPEC, by focusing on technological innovation and development of the urban parking industry, brings together advantageous industrial resources, demonstrates innovative technologies, products and business models of the industry via the synergy of the Expo, and is committed to building a globally influential trading platform of urban parking industry, to promote the brand value of enterprises and expand the global market.

源自行业，服务行业！
From the Industry, For the Industry!

举办城市——北京 Host city - Beijing

国家首都

The capital of China

汽车保有量600万辆，位居全国第一

Having 6 million cars, ranking first in the country

世界城市，国际交往中心

A world city and an international exchange center

第一批城市停车场试点示范城市

Among the First Batch of Urban Parking Model Cities

政治、经济、文化、教育、科研、交通中心

A political, economic, cultural, educational, R&D and traffic center

● 超级论坛——国际停车北京峰会2019

Super Forum - International Parking Industry Summit Beijing 2019

- 国际交流，行业互动
International Exchange, Industry Interaction
- 智慧停车，智能交通，智慧城市
Smart Parking, Intelligent Transportation, Intelligent City
- 会展联动，汇集行业优势资源，构建停车产业大生态
Leading Trade Fair with Expo & Forum, combined resources and build up macro-ecosystem of the parking industry
- 政策解读、报告发布、技术交流、贸易洽谈、品牌推广大平台
A platform for policy interpretation, report release, technical exchange, trade negotiation and brand promotion

1场高层论坛 1 High-level Forum

国际、政府、产业、学术、研究、金融、运营管理的权威人士汇聚，核心输出停车产业政策导向和战略观点。
Authorities from overseas, governments, industries, academic circles, research field, financial sectors and operation management field gather together to come up with policy guidance and strategic views about the parking industry.

5场专题会议 5 Industry Forums

产业细分领域的热点话题思维碰撞，深入探讨行业发展方向。
Brainstorming on hot topics in industrial segments and in-depth discussion about the development of parking industry

10+场新技术、新产品发布会 10+ Releases of New Technologies and Products

停车企业的新技术、新产品通过会展平台对外发布，互相借力，扩大影响力。
Some parking enterprises will release their new technologies and new products through the Expo to promote each other and expand their influence.

主要议题（拟） Main Topics (Proposed)

- 中日停车技术交流
Sino-Japan Parking Technical Exchange
- 中德停车技术交流
Sino-Germany Parking Technical Exchange
- 智慧停车产业发展报告
Development report on Smart Parking Industry
- 智慧城市停车对话
Intelligent City Parking Dialogue
- 中国城市公共交通协会城市停车分会成立大会
Founding Conference of China Urban Public Transport Association Parking Industry Commission
- 停车产业金融合作
Financial cooperation of parking industry
- 物联网+智慧停车
Internet of things + Smart parking
- PPP停车项目创新模式
PPP project - Innovation model
- 公交场站立体车库技术交流
Technology Conference of Stereo Garage in Bus Station
- 停车产业新技术、新产品发布
Release of New Technologies and new products of the Parking Industry

会展联动，强势推动停车产业快速发展！
Leading Trade Fair with Expo & Forum, promoting the fast development of the parking industry!

● 主办单位 Organized by

中国城市公共交通协会成立于1992年，是民政部注册的国家一级社团组织。本会原隶属于住房和城乡建设部，现由中央和国家机关工作委员会管理。中国城市公共交通协会是从事城市公共交通领域的设施服务、客运服务、货运服务、停车服务、技术服务以及信息服务的行业组织，目前服务会员1000余家。

Founded at 1992, China Urban Transport Association (CUPTA) is a national-level association registered at Ministry of Civil Affairs. Originally connected to Ministry of Housing and Urban-Rural Development, association now is supervised by the Working Committee of Central and State Organ. CUPTA is an industrial organization that is engaged in the facility services, passenger services, freight services, parking services, technological services and information services, having more than 1000 members.

中国重型机械工业协会停车设备工作委员会是中国重型机械工业协会的分支机构，现有会员单位350家，包括了中国境内从事机械式停车设备设计、制造、安装、维修的主要企业、配套产品生产企业以及科研院所、停车场管理公司等。同时，工作委员会是国家质检总局核准的国家级特种设备制造许可鉴定评审机构。

Approved by the Ministry of Civil Affairs, China Parking System Manufacturers Association is a national community organization voluntarily formed by more than 350 domestic enterprises and institutions, including enterprises engaged in parking equipment design, manufacturing, installation and maintenance, parking management, and parts production. Also we are the national special equipment manufacturing license appraisals and reviews agency approved by the AQSIQ.

北京泰格尔展览有限公司承担中国国际贸易促进委员会建设行业分会国内会展相关业务。

Beijing Tiger Exhibition Co., Ltd. is mandated from the Construction Industry Sub-Council, CCPIT to organize and operate related exhibitions.

中国市政工程协会城市停车分会是中国市政工程协会的二级组织,是服务从事城市停车场投资建设、规划设计、信息技术和运营管理机构的专业分会。

城市停车分会的宗旨:贯彻执行党和国家关于城市静态交通和停车产业发展的方针政策; 服务我国从事城市停车场投资建设、规划设计、信息技术和运营管理的企业; 推动停车行业向资本化、规范化、智能化、信息化的方向发展; 组织停车行业国内同行间的交流和培训; 制定行业标准、研讨行业政策, 提高城市停车场建设和管理水平; 促进停车产业形成和发展, 助力城市静态交通和停车问题的改善, 为城市现代化建设作出贡献。

Being the secondary organization to the China Municipal Engineering Association, Branch of Urban Parking Branch is a specialized branch engages in investment and construction of urban parking place, planning and designation, information technology as well as the operation and management. Our spirit is:

- The principles of Urban Parking Branch includes following aspects:
- To implement the government and national policy on urban static traffic and parking industry development.
- To serve the enterprises that engage in the investment and construction on the urban parking place, planning and designation, information technology as well as the operation and management.
- To promote the development of the parking industry on capitalization, standardization, intellectualization and informatization.
- To organize the exchange and training activity among national peers of parking industry.
- To establish industrial standard and discuss industrial policy, working on the improvement of urban parking place construction and managerial level.
- To propel the formation and development of parking industry by improving the urban static traffic and parking issues, contributing to the urban modernization construction.

中国国际贸易促进委员会(简称:中国贸促会)成立于1952年,是全国性对外贸易投资促进机构。

中国国际贸易促进委员会建设行业分会在中华人民共和国住房和城乡建设部和中国国际贸易促进委员会的直接领导下开展工作。与各有关国际组织、各国各地区贸易投资促进机构、商协会组织和工商企业界建立了广泛联系,促进对外贸易、双向投资和经济技术合作;推进与境外对口机构机制化合作;接待境外高层次经贸代表团来访,组织中国经贸代表团出访;举办和组织企业参加经贸展览会、论坛、洽谈会及有关国际会议等。

Founded in 1952, China Council for the Promotion of International Trade (CCPIT) is a national foreign trade and investment promotion agency.

The Construction industry Sub-Council of the CCPIT works under the direct leadership of the Ministry of Housing, Urban and Rural Development of the People's Republic of China (MOHURD) and the CCPIT. It has established extensive contacts with relevant international organizations, trade and investment promotion agencies, trade associations and business circles in various countries and regions to promote foreign trade, bilateral investment and economic and technological cooperation; to promote institutional cooperation with counterparts abroad; to receive visits from high-level foreign economic and trade delegations' visits and to organize Chinese economic and trade representatives; organize enterprises to participate in economic and trade exhibitions, forums, seminars and related international conferences.

● 展品范围

Scope of Exhibition

智慧停车 Smart Parking

智慧停车APP、智能停车咪表、道路停车车载标签、手持终端/POS/PDA、地磁、车位信息传输系统、视频车位监测终端等。

Smart parking APPS, intelligent parking meter, vehicle-mounted road parking tag, handheld terminal / POS / PDA, magnetometer, parking information transmission system, video parking monitoring terminal, etc.

停车场收费及管理系统 Parking Charge and Management System

票卡系统、车牌识别系统、车位引导/反方寻车、ETC/RFID不停车系统、停车场APP、道闸、车辆检测器、自助/手续缴费机、车位探测器、车位指示灯等。

Ticket-card system, license plate recognition system, parking space guidance / anti-direction search, ETC / RFID non-parking system, park APP, barrier gate, vehicle detector, self-service / charging machine, parking space detector, parking space indicator, etc.

机械式停车设备及配套零部件 Mechanical Parking Equipment and Accessories

垂直升降类车库、简易升降类车库、平面移动类车库、垂直循环类车库、巷道堆垛类车库、水平循环类车库、多层循环类车库、汽车升降机等；传动系统、安全防护、控制系统、钢结构、载车板、停车机器人等。

Vertical lifting garage, simple lifting garage, horizontal moving garage, vertical circulating garage, roadway stacking garage, horizontal circulating garage, multi-floor circulating garage, autolift, etc. Transmission system, safety protection, control system, steel structure, vehicle-carrying plate, parking robot, etc.

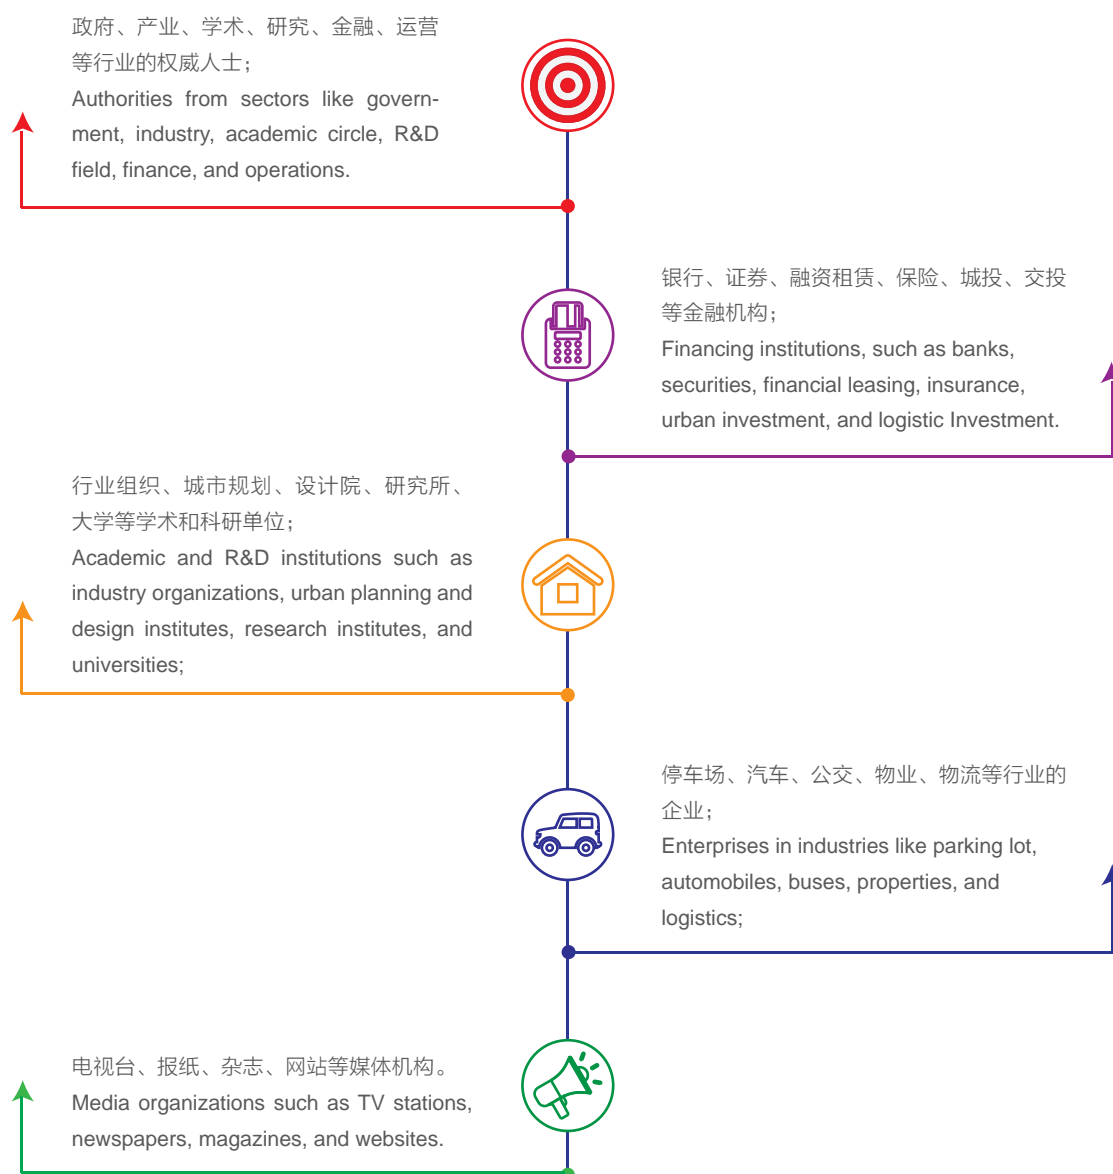

停车场设施 Parking Facilities

充电/换电设备、停车检测保养设备、升降路桩、车位锁、环氧地坪、护栏、岗亭、划线设备、减速带、路堆、车棚、电子标牌、停车棚等。

Charging/alternating equipment, parking detection and maintenance equipment, lifting piles, parking locks, epoxy floor, guardrails, guard posts, marking-out equipment, speed bumps, roadway stacks, carports, electronic signs, parking sheds, etc.

● 观众群体

Visitors

京津冀地区的5000家停车场公司和4000家物业公司将受邀参观UPEC2019，与展商供需交流。

+5,000 parking companies and +4,000 property management companies in Beijing, Tianjin and Hebei will be invited to visit UPEC 2019 and exchange supply and demand with exhibitors.

● 同期举办

In Conjunction With

2019第四届中国国际电动汽车充电基础设施展览会

EV Charging Expo China 2019

中国城市公共交通协会充电设施分会年会

Annual Meeting of China Urban Public Transport Association Charging Equipment Committee

第二届中国城市交通充电设施论坛

The 2nd China Urban Transport Charging Infrastructure Forum

发展电动汽车是落实国家能源战略、大气污染防治计划和节能减排的重大战略举措，充电基础设施作为电动汽车的重要保障设施，其发展水平直接影响电动汽车产业发展速度和质量。

为响应十九大报告关于“坚持全民共治、源头防治，持续实施大气污染防治行动，打赢蓝天保卫战”的总体要求，着力解决能源结构、交通结构等问题，大力推动我国电动汽车充电基础设施建设，提高充电基础设施发展质量，促进电动汽车产业健康发展，由中国城市公共交通协会、中国电动汽车充电基础设施促进联盟、中国国际贸易促进委员会建设行业分会等单位共同主办，中国城市公共交通协会充电设施分会、北京泰格尔展览有限公司共同承办的“2019第四届中国国际电动汽车充电基础设施展览会”定于2019年3月26-28日在北京中国国际展览中心（静安庄馆）隆重举办。

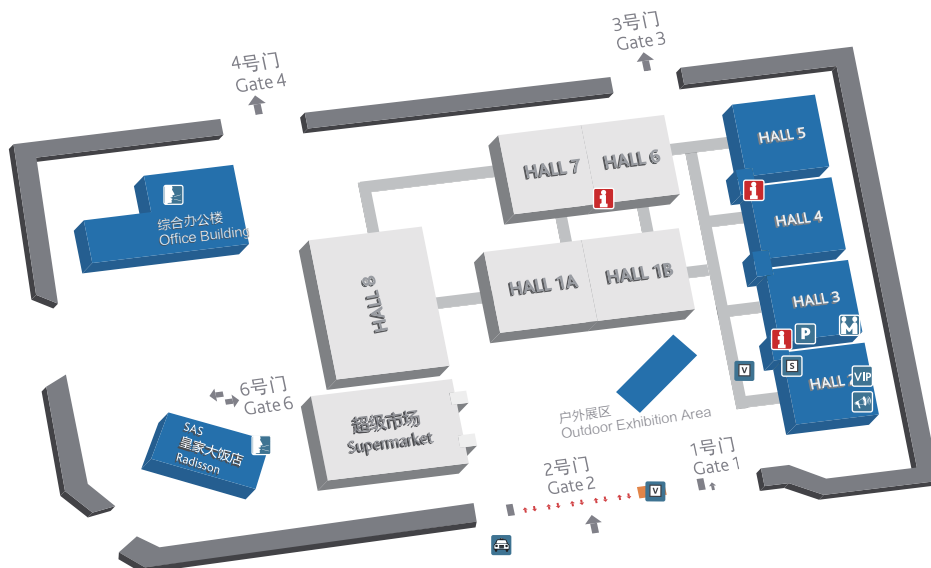

Developing electric vehicles is a major strategic initiative to implement the national energy strategy, air pollution control plan and energy conservation and emission reduction plan. As an important guarantee facility for electric vehicles, the charging infrastructure can directly affect the development speed and quality of the electric vehicle industry.

In response to the general requirements in the reports of the 19th National Congress that “We will get everyone involved in improving the environment and address environmental issues at the root. We will continue our campaign to prevent and control air pollution to make our skies blue again”, and in order to spare no effort to solve problems related to energy structure, traffic structure and the like, vigorously promote the construction of EV charging infrastructure in China, improve the quality of charging infrastructure development and promote the healthy development of the EV industry, the 4th EV Charging Expo 2019, jointly organized by the China Urban Public Transport Association, China Electric Vehicle Charging Infrastructure Promotion Alliance, China Council for the Promotion of International Trade (CCPIT) Construction Industry Sub-Council and other institutions and jointly sponsored by China Urban Public Transport Association Charging Infrastructure Commission and Beijing Tiger Exhibition Co., Ltd., is scheduled to be held at China (Beijing) International Exhibition Center (Jinganzhuang) on March 26-28, 2019.

● 中国国际展览中心（静安庄馆）平面图
